THE FIRST INTERNATIONAL CONFERENCE HYBRID ON **CHEMISTRY, MATERIAL ENERGY & ENVIRONMENT**

CMEE'25

BATNA - ALGERIA

04-06 NOVEMBER 2025

OBJECTIF

The First International Conference Hybrid on Chemistry, Material Energy & Environment (CMEE'2025) is a leading academic event that brings together researchers, scholars, and professionals to explore the critical intersections of advanced materials, sustainable energy systems, and environmental preservation. This conference emphasizes the pivotal role of novel materials, including nanomaterials, composites, and smart materials, in driving innovation across various sectors while addressing the global need for energy efficiency and environmental sustainability. It highlights cutting-edge advancements in renewable energy technologies, such as solar, wind, hydrogen, and bioenergy, alongside energy storage and conversion systems, showcasing how materials science underpins these breakthroughs. Equally, the conference focuses on environmental resilience through green chemistry, water and air purification, waste management, and eco-friendly technologies, aiming to mitigate pollution and adapt to climate challenges. By fostering dialogue and collaboration across disciplines, CMEE'2025 underscores the interconnectedness of materials, energy, and the environment, offering a holistic approach to solving global challenges and advancing sustainable solutions.

DEADLINES

ABSTRACT DEADLINE	SEPTEMBER 15th, 2025
NOTIFICATION OF ACCEPTANCE	OCTOBER 1st, 2025
REGISTRATION FOR CONFERENCE	OCTOBER 20th, 2025
CONFERENCE DATE	November 4th - 6th, 2025

TOPICS

- TOPIC 01: Polymer Chemistry and Advanced Materials.
- TOPIC 02: Theoretical Chemistry.
- TOPIC 03: Organic Synthesis
- TOPIC 04: Phytochemistry
- TOPIC 05: Electrochemistry
- TOPIC 06: Environmental Chemistry
- TOPIC 07: Pharmaceutical Chemistry

PARTICIPATION FEES

	WITHOUT Accommodation	WITH Accommodation	ON-LINE Inscription
PhD Students	6,000 DA	14,000 DA	4,000 DA
Researchers	10,000 DA	19,000 DA	6,000 DA
Industrialists	15,000 DA	24,000 DA	6,000 DA

SPEAKERS

Pr. HAMADNEH Imad	Jordan University, Jordan
Pr. Ridvan YAMANOĞLU	Kocaeli University, Turkey
Pr. Michael Badawi	Univ. Nancy Lorraine, France
Prof. Edoardo PROVERBIO	Univ. Messina. Italy
Pr. ZIED Driss	ENIS, Sfax, Tunisia

PUBLICATION

A selection of the best accepted articles will eventually be published in the following journals:

1- Science and Technology Indonesia (category B: scopus): <https://sciencetechindonesia.com/index.php/jsti/>

2- STEEL RESEARCH INTERNATIONAL (category A: WOS and scopus): <http://www.steel-research.de>

3- Journal of Failure Analysis and Prevention (category B: WOS and scopus): <https://link.springer.com/journal/11668>
